HOPE

We live in a time in desperate need of understanding and healing. We need our voices and our stories to be heard, and to bring them all together to reforge our community in song. Join us as we offer up music that will challenge, uplift, and heal. We will be featuring works by Craig Hella Johnson, Rosephanye Powell, Alexandra Olsavsky, and Ola Gjeilo. Join us - bring an open mind and an open heart, and let us lighten your burden and lift your spirits.
